- (t) this power of delegation,
- (u) any function under this or any other Act that is expressly required to be exercised by resolution of the council.
- (1A) Despite subsection (1), a council may delegate its functions relating to the granting of financial assistance if—
- (a) the financial assistance is part of a specified program, and
- (b) the program is included in the council's draft operational plan for the year in which the financial assistance is proposed to be given, and

Tobacconists in Temora Shire (your ref: SC271816/KH)

Dear Ms Cooke

Thank you for writing on behalf of Councillor Rick Firman, Mayor of Temora Shire Council, about illegal tobacco and e-cigarette retailing in Temora Shire. Minister Park has asked me to respond.

I acknowledge the concerns raised and appreciate your advocacy on this matter.

NSW Health is committed to protecting the community from the harms of tobacco use and vaping and has an active compliance and enforcement program for [tobacco and e-cigarette retailing laws](#). Enforcement is one part of NSW Health's comprehensive approach, which also includes public awareness and education campaigns and quit smoking/vaping support.

The NSW Government is actively working to strengthen tobacco and e-cigarette compliance and enforcement through legislative reform. Legislation has recently been introduced into the NSW Parliament to amend the *Public Health Tobacco Act 2008*. This is to establish a new tobacco retailing licensing scheme and increase penalties for tobacco related offences. To align NSW with the national vaping reforms, specific NSW offences that ban the supply and possession of vaping goods, unless authorised for therapeutic use, are also before NSW Parliament.

Together, these legislative amendments are intended to increase compliance with tobacco retailing laws, support enforcement, deter the selling of tobacco products to minors, and prevent the sale of illicit tobacco and illegal vaping products. Suspected breaches of tobacco retailing laws can be reported through the [NSW Health website](#). These reports inform NSW Health's compliance and enforcement activities.

Thank you again for writing. For more information, please contact Ms Meredith Claremont, Executive Director, Centre for Population Health, Ministry of Health, at meredith.claremont@health.nsw.gov.au or on 9461 7122.

Yours sincerely

Dr Michael Holland MP
